

AKS Racer's Pit

Once again we will be offering reserved pit parking for your convenience. We do this because many of you racers requested it. If you has a reserved spot in 2005 you have first chance at that same spot this 2006 season, but we need your payment by April 15th 2006 to reserve the spot or it will be opened up after that date to others. If you are interested in reserving a spot fill out the form and we will notify you of all available locations. We will do our best to accommodate everyone's requests. If you would like to pit next to someone, please note that on the form.

The cost this year will be \$50.00 per spot, the money helps pay for lighting, and improvements for the pits. Purchasing a spot is optional. Names will be posted at all reserved spot. Once again request will be processed on a first come first serve basis.

Please have your deposit into reserve your spot by April 15th 2006

Thank you: AKS Board of Directors

Reserved Pit Pass Request
